Welcome to Auto Xtion !

Auto Xtion Communication Platform is a feature-rich platform built to enhance the channel between Independent Mechanics (Members) and their Customers, built on open-source technology that provides online members & Customers with unprecedented flexibility to schedule Appointments, Service Requests and many more modern day features. Designed to be completely scalable, Auto Xtion Communication Platform offers its Users a stable, secure and enhanced solution.

The screenshot displays the Auto Xtion Communication Platform interface across three main sections:

- Top Header:** Shows "Auto Xtion | Communication Platform" and a user dropdown for "John". Navigation links include Dashboard, CRM, Promotions, Service Request, Appointments, and Feedback.
- Dashboard:** Features a "Dashboard" button and four summary cards: "NUMBER OF LEADS" (5), "TOTAL CUSTOMERS" (23), "TODAYS APPOINTMENTS" (3), and "NUMBER OF REQUESTS" (18).
- Profile Edit Screen:** Titled "Profile", it includes tabs for "Update Profile" (selected) and "Change Password". It shows fields for "First Name" (John), "Last Name" (Williams), and "Phone Number" (1234567890). A "Submit" button is visible.
- Modal Window:** Titled "Fill Qualify Form Details", it contains three dropdown questions:
 - Do the Customer has a valid Driving License? (No)
 - Does the car has easy safety check? (No)
 - GPS installed? (No)Buttons for "Close" and "Save" are present.
- CRM Main View:** Shows a "Lead" list table with columns: ID, Name, Email, Status, and Action. The table lists entries 106 through 110, all marked as "Lead" and "Qualify". A "Search" field and navigation buttons ("Previous", "Next") are at the bottom.

Chapter 1.

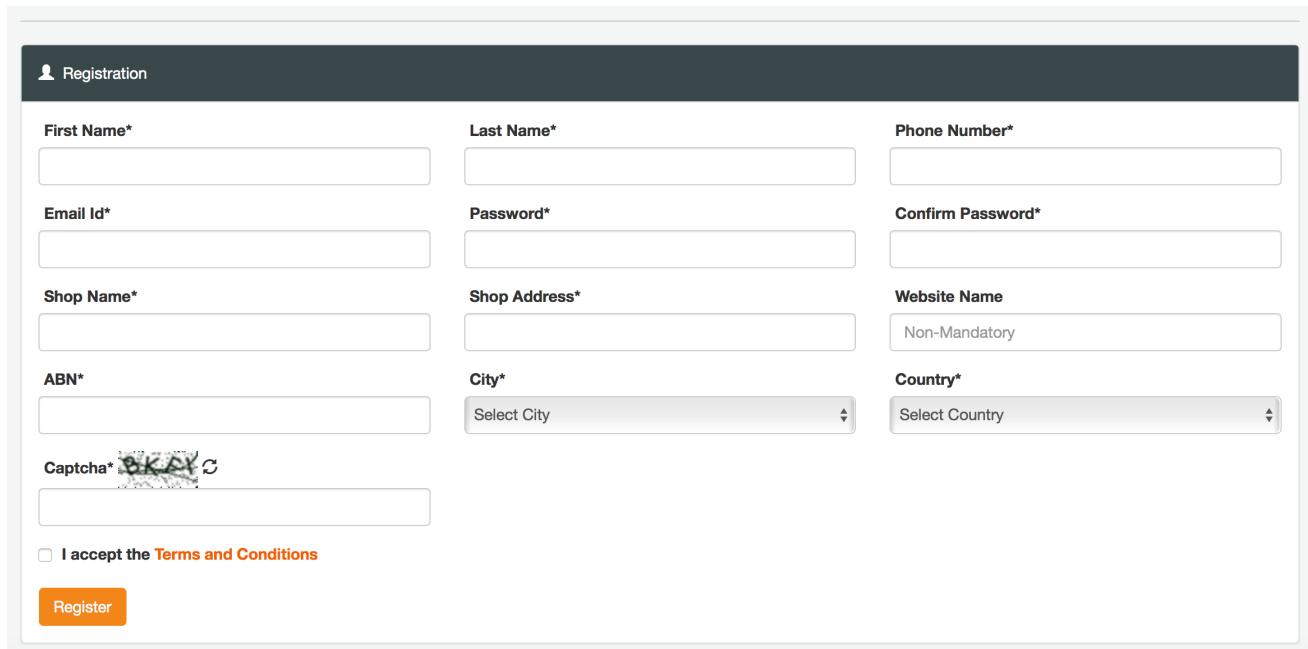

Member Registration

For accessing the system, an Independent Mechanic (Member) needs to register to the Auto Xtion Platform by giving a certain amount of Membership fee and preceding every month service fee for availing the platform services.

Sign Up to Auto Xtion

1. For a new Member, do the following:

- e. After filling in the correct information on the Log In page, Click **Log In** button, you will be redirected to the below screen. We will discuss this in details in the course of this document.

- f. In case you have forgotten your password, Click on **Forgot your password?** link, you will be redirected to the below screen:

- g. Enter you registered email id and Click on **Recover my password** button, following actions will be performed:

- ✓ A recovery email will be sent to your registered email id
- ✓ You will be see the following screen:

- ✓ Click on the recovery link given in your email, you will see the following screen in the browser:

- ✓ Enter your new password, Click **Submit** button.

New password set !!

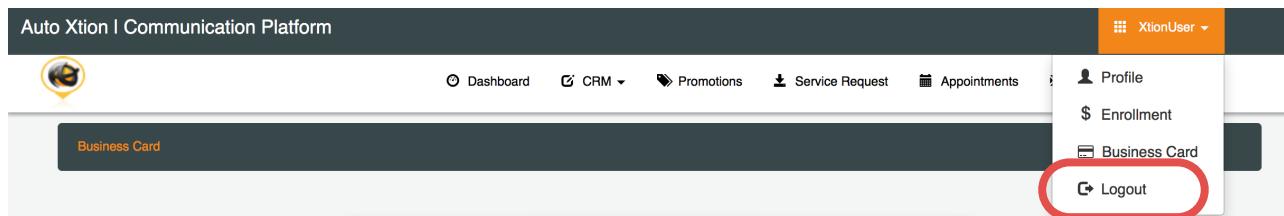

Your password has successfully been reset. You can use it right now on the login page.

[login](#)

- ✓ You can Log in to the platform with you new password.

Logout from Auto Xtion:

You can logout of the platform by clicking on the **Logout** button in the right drop menu as shown:

Chapter 2.

Dashboard

Once you have successfully logged In to the system, you will see your Member Dashboard. Dashboard will give you a holistic view of the important features of the application. Presently the dashboard shows you the Number of Leads, the Number of Customers, the Number of today's appointments and request, etc. Below shows how the dashboard will look on your screen:

The screenshot shows the Auto Xtion Communication Platform dashboard. At the top, there is a dark header bar with the text "Auto Xtion I Communication Platform" on the left and a user profile icon "XtionUser" on the right. Below the header, there is a navigation bar with links: Dashboard, CRM, Promotions, Service Request, Appointments, and Feedback. The main content area is titled "Dashboard". It features four orange-colored boxes with icons and text: "NUMBER OF LEADS" (0), "TOTAL CUSTOMERS" (2), "TODAYS APPOINTMENTS" (0), and "NUMBER OF REQUESTS" (1). Below these boxes, there is a section titled "Recently Logged in Customers" with a table. The table has columns: Customer, Email, and last Login. The table body contains the message "No Customer logged in today yet".

You can directly navigate to the list screen from clicking on any of the column. The features of dashboard will be evolving over the time you use this platform and will give you a better understanding of your customers and their needs.

More Features Coming Soon !!

Chapter 3.

CRM - Customer Relationship Management

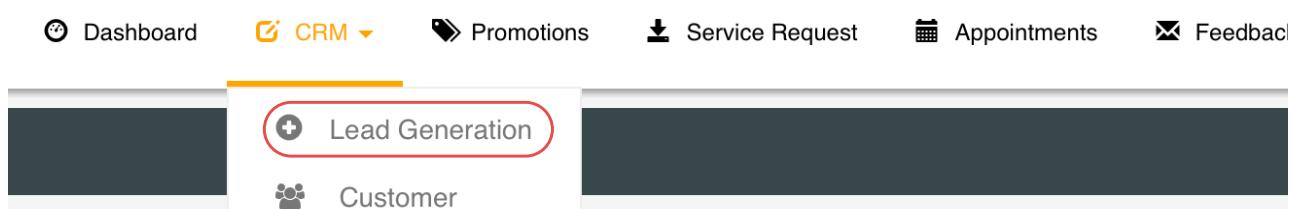

Customer relationship management (CRM) is a term that refers to practices, strategies and technologies that companies/small business use to manage and analyse customer interactions and data throughout the customer lifecycle, with the goal of improving business relationships with customers, assisting in customer retention and driving sales growth.

Presently the CRM contains the basic features for a business to onboard its Customers to the system. We will show you how CRM will work and how you benefit from this for your business.

- ❖ **Lead Generation :** Lead generation refers to the capturing of consumers interest toward purchasing products or services. These sales leads are captured through various sources, including promotions, exhibitions, referrals, phone calls and branding.
- ❖ **Lead Qualification :** The lead qualification process is essential to lead generation. This is that stage where you gather most important information of the lead and see that if he/she will qualify your on certain basis to become a customer of yours.
- ❖ **Customer Creation :** Once the lead is qualified , the lead is converted automatically into your customer. Once this is done, then you and your customer is in a state of availing your services.

You can manage your customers, see their activities,have follow-up's, reminders with them which will lead to customer retention and driving your sales to a higher point.

1. From the navigation menu, Navigate to CRM and click **Lead Generation**.

2. You will be navigated to the following screen:

The screenshot shows the 'Lead' section of the CRM. At the top, there's a navigation bar with links for Dashboard, CRM, Promotions, Service Request, Appointments, and Feedback. The CRM dropdown shows 'XtionUser'. Below the navigation is a breadcrumb trail: CRM / Lead Generation. A large orange button labeled 'Add Lead' is prominently displayed. The main area is titled 'Lead' and contains a table header with columns: ID, Name, E-mail, Status, and Action. A message 'No data available in table' is centered below the header. At the bottom, it says 'Showing 0 to 0 of 0 entries' and includes 'Previous' and 'Next' buttons.

This will show the list of lead's once you have added them into your platform.

Lead Generation

- To add your first lead, click **Add Lead** button and you will be redirected to the following screen:

The screenshot shows the 'Add Lead' form. At the top, it says 'CRM / Lead Generation / Add Lead'. The form is divided into sections: 'Personal Details' and 'Vehicle Details'. In the 'Personal Details' section, there are four input fields: 'Enter name', 'Enter address', 'Enter license', 'Enter email', and 'Enter phone number'. In the 'Vehicle Details' section, there are three input fields for vehicle numbers and a 'Delete' checkbox. Below these is a field for 'Registration expiry date*'. At the bottom, there is a large orange 'SUBMIT' button.

- b. Add the personal detail of your potential customer in the text columns into your system as shown below:

CRM / Lead Generation / Add Lead

Personal Details

Kevin Sam	10/35 Foundry road , seven hills NSW 2147	BH1878888
kevin24@gmail.com	067676666

Enter vehicle number	-----	-----	-----	<input type="checkbox"/>
Registration expiry date*				

Lead Qualification

- a. Lead will be qualified automatically to become a customer once he successfully books a service request with you.

Customer Creation

- a. You can see the list of qualified leads in the customer list page.

Name	E-mail	Status	Action
Kevin Sam	guggs24@gmail.com	Deactivate	<input type="checkbox"/> Change Status
Kevin Sam	kevin24@gmail.com	Customer	<input type="checkbox"/> Change Status
ravi lifetime	autoxtion@gmail.com	Customer	<input type="checkbox"/> Change Status

- b. You can **deactivate** a customer by using Change status Action. Once the customer is deactivated, he/she will not be able to log In to the system.

The screenshot shows a CRM interface for managing customers. At the top, there's a navigation bar with 'CRM / Customer'. Below it, a green box displays the message 'Status changed successfully'. The main area is a table with columns: Name, E-mail, Status, and Action. A row for 'Kevin Sam' is shown with 'guggs24@gmail.com' in the email column, 'Deactivate' in the status column, and 'Change Status' in the action column. The table has a header row with sorting icons. At the bottom, it says 'Showing 1 to 1 of 1 entries' and includes navigation buttons for 'Previous', '1', and 'Next'.

- c. For loading your previous customers into the platform, Click **Existing Customer** button. A pop up window will open in your screen.

The screenshot shows a modal dialog titled 'Existing customer details:' overlying a CRM interface. The dialog contains fields for 'Enter name here', 'Enter email here', and 'Enter Phone Number', with an 'OR' separator between email and phone number. Below these fields is a large orange button labeled 'Generate Credentials'. In the background, the CRM shows a table with no data ('NO data available in table') and a search bar. The top right corner of the screen shows the user 'Vaibhav'.

- d. Enter name and email id or phone number (**Its highly recommended to enter the customer email address if you have both**) for the customer and Click **Generate Credentials**. The following actions will be occur:
- ✓ This will generate a random password and email as username for the customer.
 - ✓ A confirmation email with the customer's with his credentials
 - ✓ You will be redirected to customer list page with a newly added customer.

- e. **More Feature's Coming Soon !!**

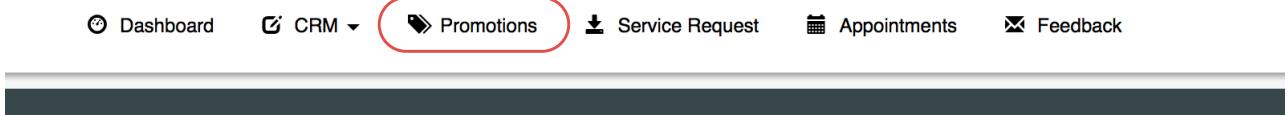

Chapter 4.

Promotions

Promotions is special feature of the platform that lets you create unlimited amount of specials and offers for your customers.

Promotions will be made according to Make - Model - Year basis for a car. So the best part is customers will be able to see promotions only for their car plus any additional offers applicable to all cars.

1. For adding a new promotion , navigate to **Promotions** link in the navigation bar as shown:

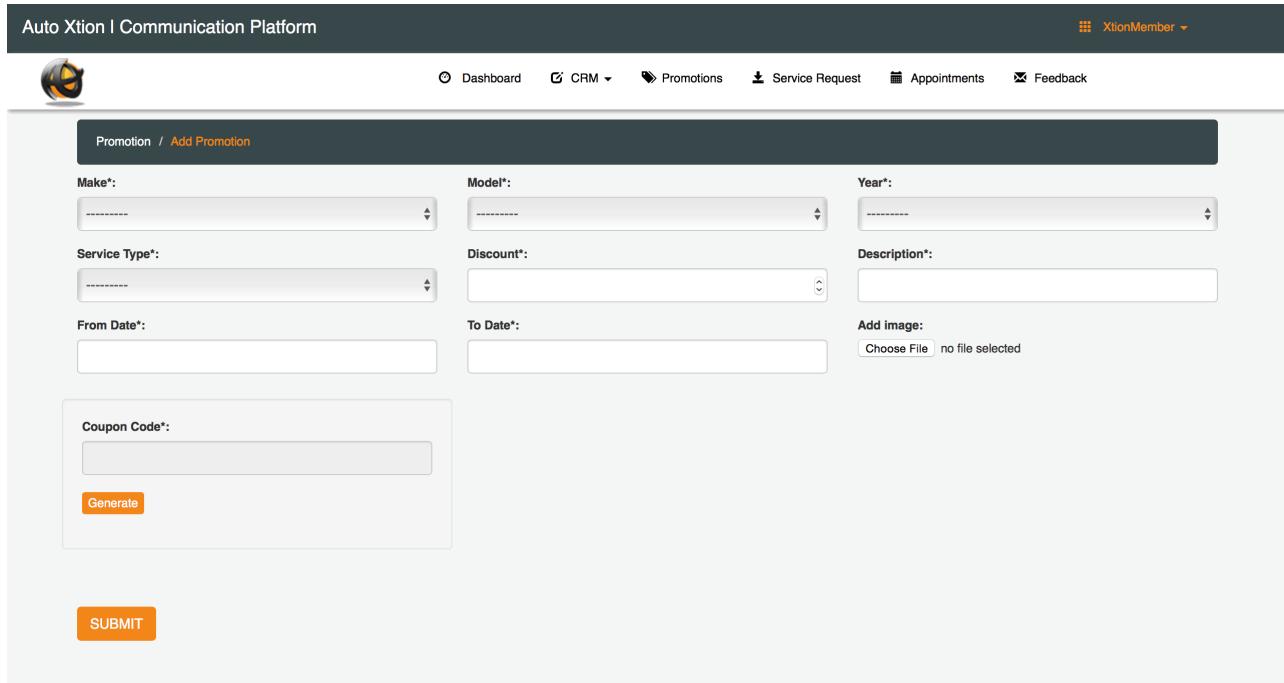

2. You will be navigated to the list of promotions screen:

A screenshot of the 'Promotions' list screen. The header shows 'Auto Xtion I Communication Platform' and a user profile 'XlionUser'. The main area has a dark header with 'Promotion' and a sub-header 'Promotions'. Below is a table with columns: Service Type, Model, Make Year, Coupon Code, and Action. One entry is listed: 'Rego checks - Pink Slip' under Service Type, 'BT-50' under Model, '2016' under Make Year, 'AXNYMCO50' under Coupon Code, and a 'delete' button under Action. Navigation buttons at the bottom include 'Previous', a page number '1' (highlighted in orange), and 'Next'.

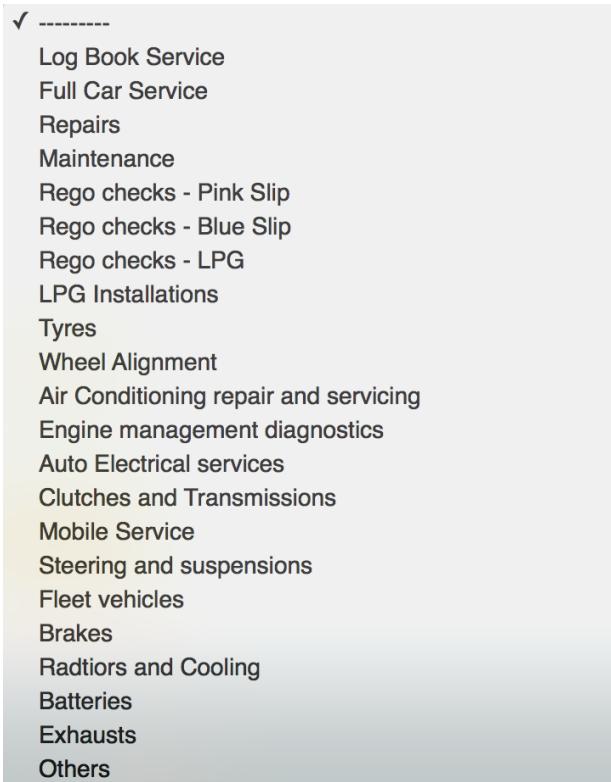

Promotion's Management

- a. To add new promotions, Click **Add Promotion** button you will be navigated to the following screen:

The screenshot shows the 'Add Promotion' page. At the top, there are navigation links: Dashboard, CRM, Promotions (which is highlighted), Service Request, Appointments, and Feedback. The user is logged in as 'XtionMember'. The main form has fields for Make*, Model*, Year*, Service Type*, Discount*, Description*, From Date*, To Date*, and Add Image (with a 'Choose File' button). There is also a 'Coupon Code*' field with a 'Generate' button. At the bottom is a large orange 'SUBMIT' button.

- b. You can create a promotions according to different service types available in the drop down list as show
- c. For all the service type available , except **Others**, discount is nessacary.
- d. A random coupon code will be generated for every discount, which the customer can avail at the time for requesting the service from you using Service Request Module.
- e. From Date and To Date are mandatory as it suggests from which time duration this promotion offer will be valid.
- f. For **Others** , price field needs to field and a description if you wish to promote for any other services apart from the list. This is shown in the next screen.
- g. Once you fill in all the details, Click **Submit** button.
- h. You will be redirected to the list of promotions with newly created promotion added.

- i. To **Edit** a Promotion, Click on the first column highlighted in **Orange** colour, as shown:

Service Type	Model	Make Year	Coupon Code	Action

More Features Coming Soon !!

Chapter 9.

Common Platform Features

- On every list page, you can see the following screen using which you can do searching, sorting and pagination.

The screenshot shows a table with columns: Service Type, Model, Make Year, Coupon Code, and Action. There are two rows of data: one for 'Rego checks - Pink Slip' (Model BT-50, Make Year 2016, Coupon Code AXNYMCO50) and one for 'Repairs' (Model Courier, Make Year 1998, Coupon Code AXNCXRI5). At the top left, there's a 'Show 10 entries' dropdown. On the right, there's a search bar labeled 'Search:' and a 'delete' link for each row. At the bottom right, there are buttons for 'Previous', '1' (highlighted in yellow), and 'Next'.

Service Type	Model	Make Year	Coupon Code	Action
Rego checks - Pink Slip	BT-50	2016	AXNYMCO50	delete
Repairs	Courier	1998	AXNCXRI5	delete

Search

- It is represented by **1.** in the above image. This is a smart searched in which you can type any of the **column parameters** available in the list and it will search the whole list of values.
- Examples of search shown:

This screenshot shows the same table as above, but with a search term 'Pink' entered into the search bar at the top right. The results show only the first entry, 'Rego checks - Pink Slip'. The 'Search:' field has a blue border around the text 'Pink'.

Service Type	Model	Make Year	Coupon Code	Action
Rego checks - Pink Slip	BT-50	2016	AXNYMCO50	delete

This screenshot shows the same table with a search term '1998' in the search bar. Only the 'Repairs' entry from 1998 is visible. The 'Search:' field has a blue border around the text '1998'.

Service Type	Model	Make Year	Coupon Code	Action
Repairs	Courier	1998	AXNCXRI5	delete

Sorting

- Sorting is done as shown **2.** in the top image in the ascending and descending order on a **particular column**

Pagination

- a. Pagination is done as shown in **3. in the top image**. As the list values increases the number of pagination pages increases automatically.
- b. You can choose on how many items you want to see on the list page as show.

Show <input checked="" type="checkbox"/> 10 entries				Search: <input type="text" value="1"/>
S 25 50 100	Type	Model	Make Year	Coupon Code
